Dear Parents

We are delighted to welcome you and your child to the Tacoma Day family! Tacoma Day is a unique childcare that has the honor of being recognized as nationally accredited through the National Association for the Education of Young Children, NAEYC. Our preschool program is aligned and blended with the state funded ECEAP Preschool. This keeps our mission of helping families by providing superior quality affordable care and education for their children alive.

Providing the best possible service to our attending families is a must. Tacoma Day's operations are overseen by a Board of Trustees. Our board is made up of both active as well as retired people from all walks of life. Public school teachers, secretaries, medical professionals, students, attorneys, private business owners, people with the goal of making our community better. Our Trustees volunteer their time and talents working with our Executive Director to ensure that our facility continues to operate with the highest of standards. Interested in joining this dynamic group? Just contact the office.

Founded in 1911 Tacoma Day was the first of its kind in Pierce County. We are proud to say we are still at the forefront. Currently our program offers an early learning program for children starting at 14 months through pre-kindergarten and an academically supportive school age program. Our children develop the skills necessary for success in school and continue to develop and fine tune these skills in a safe, nurturing enriched environment.

We are looking forward to partnering with you in the very important work of caring for your child.

Sincerely,

Rosemary Totten
